CROSSFIELD, ALBERTA, CANADA, THURSDAY, JANUARY 25TH. 1940

5 CENTS A COPY

Attend Your Board of Trade Dance, Fri. Night 26

WEDDINGS

LAWRENCE & PEAKE

A quiet wedding took place at the Rectory in Crossfield on January 16th, when Mabel Russell Peake, daughter of Mr. and Mrs. Arthur Peake of Dorothy, Alberta, was married to Benjamin Gordon Lawrence, son of Mr. and Mrs. Henry Frank Lawrence of Pine Lake. Mr. and Mrs. Val Lawrence were witnesses of the ceremony which was performed by the Rev. A. D. Currie, who first met the groom over thirty years ago.

Both the bride and groom are children of Old Timers in Alberta. They will reside at Sabre Ranch, Pine Lake.

SIRR & DUNNINGHAM

The Hall at Water Valley was tastefully decorated for the wedding of Thelma Monita, daughter of Mrs. Dunningham of Water Valley, who was joined in the Holy Bonds of matrimony to Henry Thomas Sirr, son of Mr. and Mrs. Percy Sirr of the same district, on January 16. Miss Patricia Dunningham and Miss Edith Sirr, sisters of the bride and groom, were bridesmaids while Mr. John Latchmore supported the groom. The bride was given in marriage by her brother, Mr. Jack Dunningham. The ceremony being performed by the Rev. A. D. Currie of Crossfield. During the signing of the register, Mrs. Borton, sister of the bride, sang "O Promise Me" in a delightful manner.

At the conclusion of the ceremony, the guests retired to the home of Mr. and Mrs. Borton where a well loaded table of viands were partaken of, the table being centred by the wedding cake.

Among the guests were: Sergeant and Mrs. Dorrington, Mr. and Mrs. Fear and children, all of Calgary. Mr. and Mrs. Percy Sirr, Grandpa Sirr, Mr. and Mrs. May and Mr. and Mrs. John Van Marion.

An interesting thing to note was that there were four generations present at the wedding, namely: Grandpa Sirr, Percy Sirr, Mrs. Fear and her children.

The bride and groom will reside on their farm west and north of Botterel.

Farm Home Destroyed By Fire

Friends of George Whitfield will be sorry to learn that he suffered a disastrous fire to his home at Alix, on January 4th. It appears that George and his wife went to a neighbors and soon after their arrival an alarm of fire was sounded. On going out to ascertain its whereabouts, they found their home enveloped in flames. The fire had gained such headway that it was found impossible to save anything. Though origin of the fire is unknown, it is supposed that it was caused by overheated stoves.

A VICTORIA JANUARY IDYLL

Vancouver Island's reputation as Canada's Evergreen Playground is upheld by this idyllic scene photographed January 5th at Victoria, B.C. The lamb is a real one, only six days old. It was born January 1 on the farm of E. J. T. Woodward, near Victoria. The pretty little lady is Sally, two-and-a-half-year-old daughter and only child of Commander R. A. ("Tony") Wright, R.C.N., and Mrs. Wright, Esq. The flowers were picked in the gardens of the Empress Hotel. Canadians and Americans are visiting Victoria in large numbers this winter, the ideal weather permitting them to enjoy winter golf, tennis, fishing, riding and hiking under splendid conditions.

LOCALS

George Leask has purchased a new 1 ton International truck.

F. T. Baker, official representative from here, is in Calgary attending a three day session of the Alberta School Trustees' Association.

Mrs. B. Morris and baby son of Fernie, B.C., have joined Mr. Morris here and will spend a month visiting at the home of Mr. and Mrs. W. R. Emerson.

Tom Arnot celebrated his birthday last Thursday when a number of friends gathered at his home for a sumptuous supper. The evening was spent in games.

Services in the United Church next Sunday will be of a special nature, when the minister will preach a sermon of particular interest to curlers. It is hoped there will be a large attendance.

While attending the kitchen fire last Saturday, Miss Louise Miller, of Water Valley, had her dress take fire and received some severe burns before it was extinguished. She was attended by Dr. Whillans.

The Annual Meeting of the United Church will be held in the church parlor on Monday evening next at 8 p. m. Reports of the various organizations of the church will be given, followed by a social hour.

Sixteen members of the Young Peoples' Union motored to Carstairs Monday evening, when the Carstairs Y. P. U. entertained the Didsbury and Crossfield groups at a skating party. Following skating the party went to the church parlor where a hearty lunch was enjoyed and an hour spent in singing. The young people report a very pleasant evening and express their appreciation of the fine hospitality of the Carstairs group.

Through the co-operation of the Board of Trustees, the Teaching Staff and the Curling Club, a 12 rink Bonspiel for the high school students has been arranged for Friday and Saturday. The efforts of these officials are to be commended in their splendid co-operation on behalf of the students, who are continually given every opportunity for advancement in all the leading sport activities. Tomorrow, this training will mature, when these young people will be expected to carry on, not only in business but in all seasonal sport events as well so that our community will remain in the limelight.

WITH THE HOCKEY BOYS

The Botterel boys and the local sextette battled in sub-zero weather to a 0-0 draw last Monday night. In spite of the severe cold and a small crowd, both teams played heads up hockey.

We have been informed that Botterel has entered the league and in all probability this game will be called a league game. We also understand that Innisfail has withdrawn from the league.

Botterel: R. Malmro; M. Boggs, A. Mathison; S. Boggs, R. Tronnes, H. Sheriff; C. Boggs, R. Boggs, D. Boggs; R. Walker, utility.

Crossfield: R. Laut; T. Arnot, F. Murdoch, G. Jones, B. McLeod; E. Hopper, J. Carmichael, B. Amery, F. Dipple, E. Sharpe, E. Kinsey, A. Stevens, M. McEachern; M. Dipple, utility.

Referee, W. McLeod. Linesman, J. Tronnes.

LOCALS

The many friends of Mrs. Fox, Senior, will be glad to know that she is making satisfactory progress toward recovery.

William Grey, west of town; had his left leg fractured below the knee, last weekend, when a tractor ran over him. He was taken to a Calgary hospital for treatment and his condition is reported as satisfactory.

Harvey McCool had a bad accident the first of the week, when his horse slipped and rolled on him causing four fractures of one leg. He was attended by Dr. Whillans and removed to Calgary for further treatment.

Mr. and Mrs. D. W. Carmichael are bereaved by the death of Mrs. Carmichael's mother, Mrs. Adeline E. McEwan, who passed away at her home in New Westminster, B.C., on Tuesday, January 16. She was in her 74th year.

Proving that they too can play hockey, the local Pee-Wees downed the Aldridge team 9-0 in a game here last Saturday afternoon. Both teams made some nice plays and show promise of developing into real hockey players.

C. H. McMillan's rink won the right to represent Crossfield in the Macdonald Brier Competition at Olds and will proceed there tomorrow, Friday, for the play-off. The personnel of the rink is McMillan, skip; H. R. Ballam, third; G. Dawson, second; and G. Jones, lead.

A meeting of the Crossfield Dramatic Society was held in the Club Rooms on January 22nd. A cast was chosen and practice nights agreed upon for a play to be presented in about six weeks time. Its purpose is to be one of the hits of the season, so watch the paper each week for further details and the date of presentation.

Crossfield Garage Makes Change

Crossfield Garage announces in this issue that in future they will sell exclusively Artic Oil Products.

The change has been considered for some time, and a few days ago they discontinued other lines for the Artic.

The management can assure their patrons that the service and products now on sale will be of even greater value than heretofore. Crossfield Garage has served the public here for the past thirteen years and feel that in making the change, the interests of every customer has been considered, the fine reputation of the Artic Oil Company products being in mind when the switch over was made. To their patrons they now recommend "Skychief", "Artic Gold" and "Straight Run" gasoline and the finest of lubricating oils and greases. They also wish to take this opportunity to extend their sincere thanks for the business given them in the past and hope for continued cooperation in the future.

Bonspiel Proves Successful

The Crossfield Bonspiel is drawing to a close; it has been a grand week and those who were not fortunate enough to come through as winners played a good game and the winners just a little better. The rink has been the rendezvous for old friends who have not heard a good story since they were here last year. The Ladies' Curling Club have served meals at the rink all week and a real cosy place it was to have the odd meal.

As far as we can learn at time of going to press, the 'spiel appears to be a real success.

Calgary Power Event, now in the fourth. Finals tonight. Lee vs Becker, Becker wins. Hesketh vs McMillan, Hesketh wins. Deliveries Event, Carmichael vs G. Purvis, P. wins. Leisner vs C. Becker, B. wins. T. Eaton, Event.

The rinks are now in the 3s and 4s. Ballam vs W. Edmondson E. wins. Carl Becker's rink is the only undefeated rink.

The pair of curling rinks raffled by the Intermediate hockey club, were won by Donald Leask of Mad. den. The hockey club report they cleared over \$20.00 on the raffle.

Edmonton, and the province, was represented at the historic sea battle which ended in the scuttling of the pocket battleship Graf Spee. Word has just been received that Seaman Gunner Lorne Roberts, 31, was chief gunner aboard the Australian ship Achilles, which helped to tack the Spee's tall between its legs. Long a member of the R. C. N. V. R., Gunner Roberts reported for duty two days after the outbreak of war. He joined the Achilles in Singapore

THE DOMINION LOAN

The recent call by the Dominion Government for a loan of \$200,000,000 to help win the war, went over the top with a tremendous "yes". This is the answer of the Canadian people to Hitlerism.

The spirit Canadians have shown in this one item of rallying to the support of the mother country is a splendid achievement.

LIBERAL EXECUTIVES MEET

The Provincial Liberal leader E. L. Gray, has emerged from an executive meeting held recently in Edmonton, with a brighter view of the party affairs. The number of members on the executive was increased from 28 to 33, and the number required for a quorum was increased from 7 to 14.

Mr. Gray favors co-operation with other groups, which will dovetail nicely with the Banff-Cochrane constituency who have an independent candidate in the field.

Household Hints

Deep fat frying, most foods are first coated with flour and then with egg and bread crumbs. Potatoes may be put into fat without cooking.

Toast rings, cut from slices of bread with a doughnut outer and brushed with butter before toasting, are delicious with salad.

Instead of using apples, make brown, betty with stewed apricots, fresh or dried.

Spread buttered circles of rolled biscuit dough with one-quarter cup of sugar mixed with two teaspoons of finely grated lemon rind and two teaspoons of lemon juice.

Sauce For Meat

To white sauce, add grated cheese shredded, dried beef and horseradish or a tart meat sauce. A tomato sauce will serve instead of white sauce and make for variety.

Corn Custard

To two cups of corn, add salt and pepper to season, three beaten eggs, two minced canned pimiento and a half cup of milk. Top with buttered crumbs, dot with butter and bake for a half hour in a baking dish set in a pan of hot water.

To mend a hole in an aluminum pot, make a paste of putty, salt and pumice stone and pack the hole firmly. Then put water into the mended article and stand on a warm stove for an hour or two. Allow the cement to harden for a couple of days before using.

A simple method of defrosting the windshield of your car is to apply a paste of whitening and ammonia. Polish with lightest cloth.

NEED CASH?

Here's a Plan-

Nearly every home has some items that they no longer need-- it may be Furniture, a Stove, a Radio, why store them away when someone is looking for just such items

Farm Paper To Play Important War Time Role

A progressive policy for 1940, designed to help the farmer adapt himself to changing war-time conditions, has been announced by the Family Herald and Weekly Star.

Throughout 1940, Family Herald articles, written by staff editors in cooperation with leading agricultural experts, will show how the farmer may plan to avoid losses through changing markets... how he can take advantage of new opportunities that are likely to present themselves as a result of the war.

Because the markets for bacon, wool and, to some extent, beef, are likely to be profitable ones, the Family Herald will feature practical, specially prepared articles on the raising of hogs, sheep and beef cattle. Articles showing how poultry production may be started, increased and adjusted to war conditions, also will be featured.

Prior to the War, vegetable and root seeds were brought into Canada in considerable quantities. This year the sources of supply are cut off and the Family Herald will show how many Canadian farmers can grow some of these seeds as a cash crop. Apples, grass seed and flax

also will be discussed.

It is evident that the progressive go-ahead policy of the Family Herald noted in 1939, will be maintained throughout 1940. With its coast to coast distribution to over 300,000 Canadian farm homes, this influential, seventy year old Farm Weekly will render real service to the Dominion and to the Empire through its praiseworthy efforts in showing farmers how their farm operations may most profitably be conducted during wartime.

ALONG THE BOULEVARD

And here again, CFAC brings to its listening audience a program of sterling nature. The Bayer Aspirin Company of Canada brings to you "Along the Boulevard" from 7:30-8:00 p.m., every Friday night.

This live wire program will feature the latest popular American and French song hits with orchestra under the direction of Andre Durlieux. Here is a program that we know you will enjoy, and will give you a chance to keep right up to the minute in all the latest music. So be listening, friends, at 7:30, Fridays.

WALTZ TIME

This is station CFAC, Calgary. Every Friday night at 7:00 o'clock MST, through the courtesy of Phillip's Milk of Magnesia, we bring you one of America's finest dance bands, Abe Lyman and his Orchestra with Frank Munn, Tenor and the Manhattan Chorus. We know you will enjoy listening to this fine new program, since it fulfills the listening public a very definite need for Friday night entertainment.

This is the first time that Abe Lyman's Orchestra has been brought into Canada on a sponsored program, and we feel certain that "Waltz Time" will be a grand program, so have your dial tuned in on Friday nights at 7:00 o'clock.

in air force blue or grey. Aero caps gloves and wristlets, air force blue NAVY — Seamen's stockings and scarves are needed badly. The stockings, which are worn over regular socks, are from 18½ inches to 26 inches from top of the cuff to under the heel; grey; should be loosely ribbed at top, for the stockings are drawn up over the 'trousers. Scarves, in navy blue or grey, 14 inches wide and 16 inches to 72 long. These scarves are wrapped around the sailors' bodies and are sometimes put over their heads to act as helmets. Ordinary socks for the sailors are needed in grey. Sweaters, navy blue or grey. Wrist bands for all forces should be cast on or off very loosely.

Socks should be washed and pressed or washed and stretched. It is advisable to attach sizes in socks and sweaters.

Instructions

For Knitters.

Although thousands of women started knitting as soon as war was declared, it took the arrival of wintry blasts to make thousands more realize how much the fighting forces needed the articles that came from the clicking needles.

The need is still urgent, say Canadian Red Cross officials: and so, just in case there are women who would like to do their bit and don't know what is needed, detailed instructions may be obtained from the local Red Cross group or from Toronto headquarters. Women are urged to follow all knitting instructions carefully; to use the right size needles; the correct weight of wool, and always to try the number of stitches to the inch to have the tension correct.

Do you the Army, the Air Force or the Navy? This is what each force needs:

ARMY — Socks may be of any suitable color. The new regulation length is 16 inches maximum from top of cuff to under heel. Sweaters are acceptable in all suitable colors. Wristlets, 4 inches long, minimum. Scarves, 12 inches wide and 46 inches long. Helmets and mitts half mitta and rifle mitta. Ribbing should be done loosely on half mitta and rifle mitta to ensure perfect circulation in fingers. Khaki is the preferred color for all these articles.

AIR FORCE — The airmen need socks of the regular size in light blue, blue heather or black. Sweaters, air force blue or grey. Scarves same length as those for the army

Prepare Programs For Road Projects

Importance of road improvements this year is being brought to the attention of the provincial department of public works.

The next regular session of the Alberta legislature will open on Feb. 15th, and this is expected to be the last before a general election is held in this province.

Consequently, many districts are pressing their claims now for consideration of their road requirements prior to the budget for road expenditures this year being decided upon by the government.

Recently strong demands were made as to the need of graveling the main highway leading from Lloydminster, on the Saskatchewan border, to Edmonton. Large numbers of tourists from the east are expected to use this route during the summer motoring season.

A road from Edmonton to St. Paul, which would give a more direct route to the popular fishing resort at Cold Lake, also is being advocated.

In the central and southern parts of the province extension of the government's road program is being pressed for, including completion of a bituminous surfaced road from Lethbridge to Coutts, on the U. S. border.

Officials of the Alberta Motor Association are urging the government to undertake a big program of highway work this year particularly in view of the big influx of U. S. tourists expected to commence early in the season.

YOUR BUSINESS- AND MINE=

Could be improved with a good dose of co-operation. How many of us try to get by without assisting the other fellow— it's bad medicine when your community is sick or run down. Let's spend more among ourselves.

FOR A PROGRESSIVE COMMUNITY

320 B.C. IN ANCIENT GREECE

The Greeks were not long in following the example of the ancient Egyptians in the making of Beer. The Greeks soon commenced to improve on their knowledge of the art of brewing as far back as 320 B.C., the writer Theophrastus tells us that the Greeks employed barley wine or beer ("Zythos") in their daily life as well as in their festive meetings.

The World of Wheat

By H. G. L. Strange

The ten years between 1930 and 1940 which have just ended, will probably be looked upon by the historian of the future as the period when the mind of mankind became possessed of the most peculiar delusions of madness:

That we could grow richer and richer by producing less and less: That we could have more automobiles and bathtubs and houses and more of everything else merely by printing more money: That by some magic the hungry people of the world would be better fed if foodstuffs were burned or destroyed or ploughed under.

The period when people thought they could live within themselves, or could sell their own goods and products to other nations without finding it necessary to import anything in return.

The period when the quiet student and thinker was laughed to scorn when he ventured to suggest that if people were deprived of food by those who had it in abundance, then it would end in unemployment, revolt and war.

Happily these ten years are over and clearer thinking now is beginning to prevail, as is shown by the statement made by Prime Minister Chamberlain when he told us recently "There can be no lasting peace unless there is full and lasting peace between nations."

Following factors have tended to raise price: Exports of corn from South Africa have been prohibited until the end of March—Scandinavian countries recently purchased number one Manitoba wheats—Norway has recently made purchases of Canadian rye—England and Wales grew 300,000 tons less wheat and 9,000 tons less barley in 1939 than in 1938.

Following factors have tended to lower price: Australian wheat visibly reaches a record quantity of 118 million bushels—Rains relieve heat wave in Argentina and benefit growing corn crops—Recent rains relieved the dry spell in India—Wheat prospects in Yugoslavia very favorable.

Things to Remember

A United Church Choir Musical Tea will be held in the church parlor on Feb. 3rd, from 3 to 6 p.m. 9 2 c

Arrangements have been completed with Auctioneer Archie Boyce, to hold the Community Horse Sale early in March. Watch for further announcements.

At the district Seed Fair held in Calgary the second week in January A. R. Rodgers, Crossfield, was among the list of efficiency prize winners, in Junior Wheat Clubs.

Alberta Conservatives are busy with arrangements for their annual meeting to be held in Edmonton on March 9th, when a new slate of officers will be elected

The Board of Trade at Rocky Mountain House are raffling three quarter sections of land, proceeds to go toward the hospital funds. 3000 tickets have been sent out, which are selling at 50 cent each. There will be three winners; first one getting first choice of the quarters; second one, second choice and third, the remaining quarter.

The Edmonton branch of the Canadian Legion have approved a resolution urging the Dominion government to extend preference to veterans in national defence work and federal projects, or in undertakings which are "paid in full or in part by the federal government." A second resolution urged the Dominion government to speed up the granting of allowances to dependants.

Important among the resolutions which were endorsed by delegates to the U. F. A. convention in Alberta this week, was that which provides for automatic suspension of officials who participate in active politics. Thus last year's determination to divorce the farmers' movement from politics was strengthened. The order applies to affiliates, too. Continued endorsement of Robert Gardiner was stressed in his re-election to the presidency for his tenth term, and of Norman Priestly for his tenth term in the vice office.

The organization meeting of the Trustees of the Olds School Division, No. 31, was held Thursday last with Mr. W. H. A. Thomas, vice-chairman, in the chair.

W. H. Davies was re-elected Chairman, and W. H. A. Thomas, Vice-Chairman.

Messrs. W. H. Davies and George Burns were appointed as the Executive Committee.

A new form of cod filets is being experimented with in England. These filets are not salted or smoked, but are dried to a quarter of their bulk in fresh state. When soaked they return to their normal size. It is said they will keep almost indefinitely in the dry form.

Alberta is quickly transforming herself from an importer to an exporter of honey, Agriculture Minister D. B. Mullen told farmers this week. He said that for the first time, Northern Alberta has become a commercial honey producer. The South still produces 75 percent of the total output, with only 10 percent of the bee keepers in the province. Figures show that in all Alberta, 150 apiarists produced 500,000 lbs of honey in 1939, but in 1937, 1,250 beemen produced 2,000,000 lbs. In 1938 we exported 500,000 lbs "Coming of clovers to the province and decrease of other farm incomes promoted many farmers to try bees. Their success has demonstrated definitely the suitability of Alberta for honey production" said the Minister.

A meeting will be held Feb. 1st, in the Knox United Church Disbury, at 8 p.m., to hear Dr. Pierson, of the Red Deer Health Unit. All those who are interested in the splendid work accomplished by these units should hear Dr. Pierson's address.
